

Vacutronics Rotary Vane Type Oil Less Vacuum Pump

Model DV-3V

Model DV-8V

The full series of our products supports wide range of applications in automatic facilities, industrial machinery, laboratory equipment, optoelectronic semiconductor and pharmaceutical.

Features :

- a. Continuous duty operation
- b. Quiet, lightweight & compact
- c. Low maintenance
- d. Completely oil-less

Specification:

Model	Voltage	Air Capacity	Ultimate Pressure	Power	Noise Level	Ambient Temp
DV-3V	240V	57 L/min	90 Torr ,12 Kpa(abs)	250W	56	7~40°C
Dv-8V	240V	110 L/ min	90Torr, 12 Kpa(abs)	400 W	62	7~40°C
